

COMMITMENT TO FSC®

BrasPine Forest (FSC-C189677) publicly declares its long-term **commitment** to the Principles and Criteria (P&C) of the FSC – Forest Stewardship Council®, with the objective of ensuring the continuous improvement of the forestry sector, which will guide the companies' activities through the following guidelines:

- Comply with, respect, and adhere to the FSC® Principles and Criteria, internationally accepted and adapted to the national reality;
- Respect national sovereignty, all applicable legislation, as well as agreements and international treaties ratified by the country;
- Update and maintain all documents related to land ownership and the use of forest resources, in accordance with relevant legislation;
- Manage forest plantations correctly, in a socially fair and economically viable manner;
- Promote the improvement of the quality of life of its employees;
- Provide a work environment that prioritizes the maintenance of health and safety conditions for workers;
- Maintain an ongoing channel of dialogue with employees and the local community;
- Preserve remaining native areas and associated ecosystems, aiming at the conservation of natural resources, as well as fauna and flora;
- Do not convert native forests into forest plantations of exotic species and restore degraded areas and permanent preservation areas in accordance with the company's operational planning;
- Maintain and preserve areas of ecological, environmental, archaeological, historical, and scenic interest for future generations.
